I found the draft agenda for tomorrow and 9:30-10:00 is a scheduled break. Let me make sure this is still the case on the final agenda tomorrow.

I am in DC at the national WQS meeting but I should be able to slip away for a quick call. Let me see what the agenda looks like when I'm at the meeting tomorrow am and I will send you a time we can chat. It would probably be easier for me to call you...can you send me your number?

 Importance: High

I'm available anytime from 7:30 to 11 am. We're getting close to sharing our analysis, and I'd like to touch base. Even a short call would be valuable, I believe.

Please let me know if you are available...

Thank you!!
 Shannon
